

The 110% Program

We take pride in our reliability and quality of work. We strive to give every client 110% effort! For this reason, most of our accounts come by word of mouth, and we would greatly appreciate it if you would help "spread the word" to those near you.

When you refer a neighbor or nearby friend or relative to Roose Brothers, we want to reward you. If the person you refer contacts us and commits to a full season of snow removal, you will receive the value of the amount equal to **110%** of the quoted "per removal" service charge.

For example, if the charge for one snow removal is \$100, you will put \$110 in your pocket!

The amount you earn will be credited to your account within 45 days of the new account accepting the terms of contract for the 2008 snow removal season provided your referral is accepted and agrees to maintain an active status with our company for the entire snow removal season. Your referral must be a new account which has never contacted us regarding our service or for which we have performed other work prior to your recommendation. Your referral must be in an acceptable location which is determined by Roose Brothers. We reserve the right to deny any referral for any reason.

IMPORTANT INFORMATION ABOUT
SNOW REMOVAL SERVICES FROM

Questions & Answers

Roose Brothers Land Management is a family-owned business operating since 1989. Roose Brothers is a well-known and respected name in our community for serving clients with honesty and integrity and for being just good old down-to-earth people.

Our track record of quality workmanship and client satisfaction speaks for itself. We promise the *best* work, the *best* value, and the *best* service.

Let us take the worry out of your winter!

Q. What can I expect from Roose Brothers' snow removal service?

- A. This winter, you will receive the prompt, reliable service Roose Brothers is known for. With our quality workmanship, you'll have clean drives and sidewalks — no sloppy mess left behind.

If not performed properly, snow removal can “cost” you far more than you bargained for. We will care for your personal property as if it were our own. We utilize special up-to-date, dependable equipment that is safe for all types of driveways and sidewalk pavements.

With Roose Brothers, what you see is what you get. There are no hidden costs, and our personal concern is that your job is done well, efficiently, and to your economic advantage.

Q. What is the cost?

- A. It's simple! You choose how you would like to pay:

1. **“Per Season”** — Think of it as “snow insurance” ... no matter how much snow we get, you're covered! Not all the time do you “get what you pay for” — sometimes you get more!

2. **“Per Removal”** — You pay for what you get. We'll send you a monthly statement detailing dates of service and charges.

Q. How do I get started?

- A. It's easy! Just give us the “go ahead” by signing the Residential Snow Removal Proposal and send it to P. O. Box 5354, Plymouth, MI 48170.
